

## How PDX Lasers can assist your Charity or Non-Profit Organization

At PDX Lasers we can help your charity or non-profit organization by assisting you with your fundraising campaigns. We will partner with you, sponsoring you for your campaign and may donate to your cause. This is a great way for you to personalize products you use in order to raise funds, and your business can raise a substantial amount of money providing these personalized products to doners and supporters.

Charities and non-profits are always in need of profitable fundraising ideas that can be implemented with ease and at costs that make the efforts worthwhile. At PDX Lasers we tailor our services to support the unique needs of each customer. We will work closely with you to define the best services for your needs and provide the highest quality laser engraving results regardless of constraints.

PDX Lasers will work with you on every aspect of the implementation. If you need assistance with the artwork, or sourcing of items for your fundraising campaigns we can help. Utilize us as a partner for your organization and don't settle for participation in those same old programs that provide organizations with minimal profits. We are a local business who wants to do everything to ensure you have every opportunity to succeed in your fundraising efforts.
